Apex Specialist Superbadge

Schedule synchronization

WarehouseSyncShedule.apxc

```
global with sharing class WarehouseSyncSchedule implements Schedulable{
    global void execute(SchedulableContext ctx)
        System.enqueueJob(new WarehouseCalloutService());
    }
}
```

Go to setup -> Seacrh in Quick find box -> Apex Classes -> click Schedule Apex and Jb Name = WarehouseSyncScheduleJob , Apex Class = WarehouseSyncSchedule
